## URBAN MANAGEMENT ASSISTANTS OF NORTH TEXAS

---

**Name:** Kevin Pantoja

**City/Entity:** University of North Texas

**Title:** Student

**What's one thing most people don't know about you?**

I love learning new languages and hearing stories about people's cultures. Currently I speak English and Spanish with some basics in French, German, and Japanese.

**What led you to this career?**

I had gone to school at Abilene Christian University and finished with the hopes of becoming an accountant, however after an amazing internship with PricewaterhouseCoopers, I decided that accounting is not something that I would like to pursue for the long term. This led me to talk with some of my mentors back at ACU and they had suggested the idea of city management because I had been known for working with various nonprofits within the Abilene Community. After a bit of research, I decided to try it out so now I'm currently at UNT getting my MPA!

**If you could snap your fingers and become an expert in something, what would it be?**

Definitely an expert in music, I love getting to see the performing arts and being able to snap my fingers would save me some practice time.
